

We went to a dinosaur museum! There was a earthquake machine, (the floor vibrated) & a blind feller where you stuck your hand in and don't know what your feeling, a play house, and a GIANT gardens outside with big fish, bamboo, & lots of pretty flowers.

Africa section  
There were stuffed animals like: bald eagles, bears, butterflies, birds, elephants, giraffes, porcupines, polar bear, a seal & a buffalo.

There was 2 mammys and there was a video of how they did a cat's paw of the girl who was not much taller than me! There were fish and 2 shakes (veal) a lot of shells.

This is a live rattlesnake but most  
of the animals were staffed.

We saw one like that at
