

1

We went to Tannehill. Noah and I got to play on a playground we had never found before. Carla Jean met us there along with 4 girls - Regan is 10, Tori is 10, Kennedy is 8, and Natalie is 7. We all went on a hike together and played "Superbonus power up".

If you touch a tree you get a "Superbonus power up" which equals energy. The bigger the tree the longer you can run.

Later we played a game where you have to find a purple leaf.

a green leaf, a red leaf, a orange leaf, and a yellow leaf, You get a bonus if you find a polka-dot leaf or a pink leaf, and you can keep replacing them to find your favorite 5 or more leaves.

When hike over left we a ^{house} with Leah had:

Sweet Gum leaf or prickly leaf

The was the girls and went to museum Carla

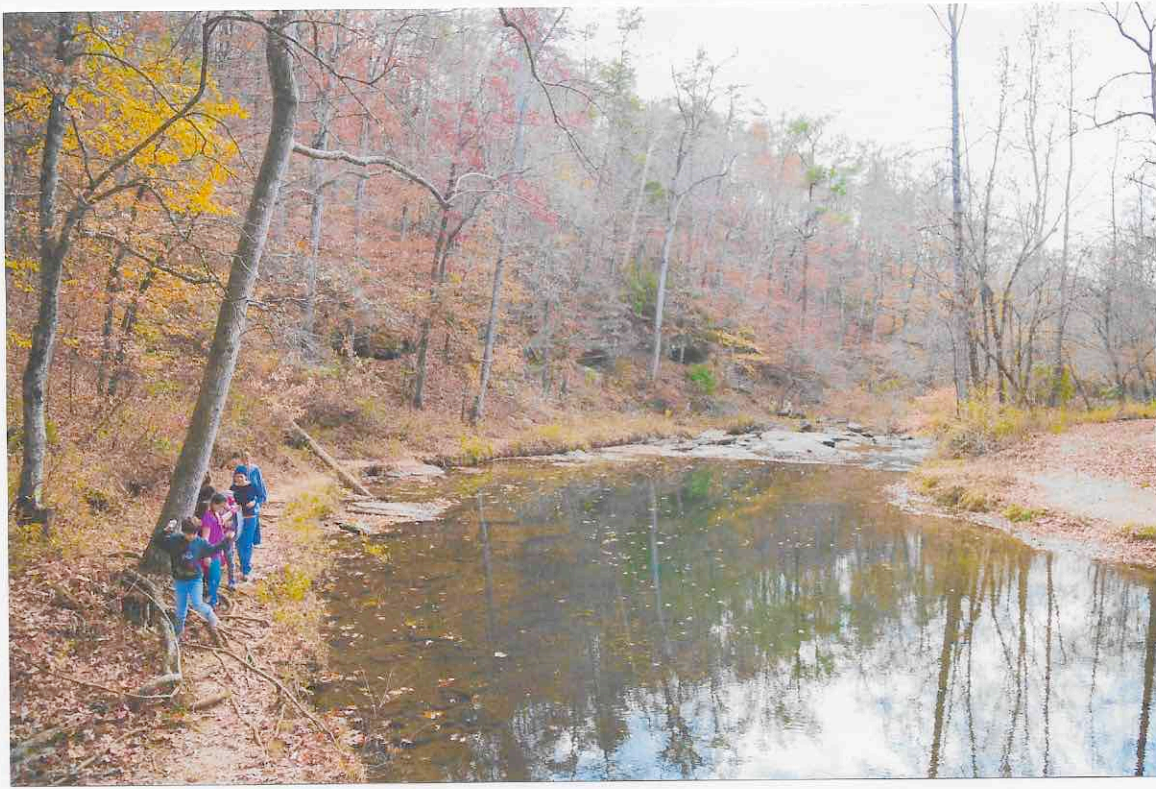

Sassafras leaf

They

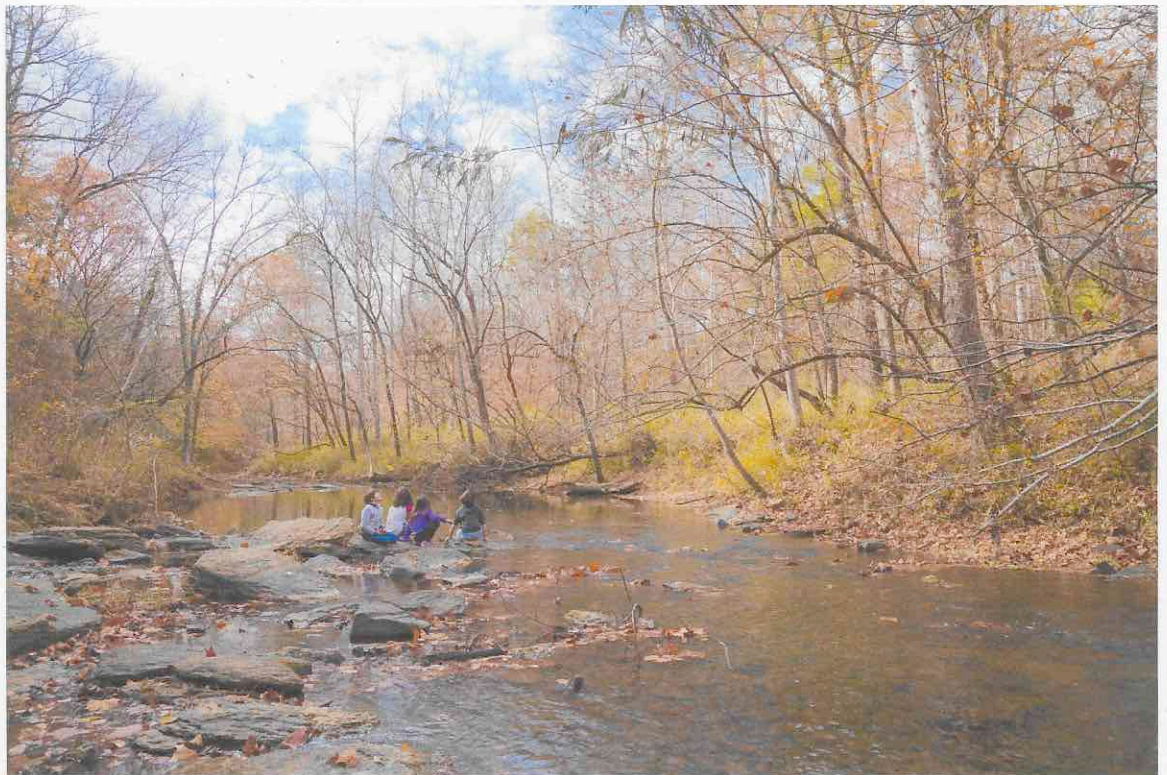

iron, a mihe- That museum taught us about the history of iron forging at Tannehill.

a big wheel thing, fools gold, metal, steel, cart and a thing that shapes metal.
