

We went to Helen Keller's house with the Sparks!! A lady told us about the house. We explored around a little and saw lots of pictures of Helen.

We also went outside and played tag and saw a video of Helen and Anne Sullivan giving a speech, she talked really well for a blind and deaf girl. The only mistake she made was saying "uters" instead of "others".

Then we went to Spring Park and played at the playground. We were playing on a tiny zip-line and only me and Luke could reach it so we made a wood chip pile so everyone could reach it. Everyone helped but when we were done it was an inch high and still only me and Luke could reach it. After that we went home.
