

We went to the Paul Briant
Museum it was really cool
it had lots of videos about
football and they had
football cards. We learned
football helped the University
grow. During the civil war
this guy burned take hill
down then came straight to
Tescaloosa and burned it
all down except for four
buildings. Then we went to
The Childrens Hands on
Museum They had a place
where you could: milk a fake
cow, play hospital, play
in a fake space ship, \$1,000,000
shredded up dollars, a video
game, play bank etc. It
was really fun! Then
we dropped Carla Jean
off at home. Then went
to a playground and
played with some kids that
we played with before!
We had a lot of fun

Ali

This is The
library
at The
University
of Alabama

me and
Noah
liked
climbing
in here

bear
bryant's
office

These are
95 football
cards

These are interesting Things you can learn at the Bear Bryant museum

The Bear Bryant Museum

We were
listening
to the
radio
during a
very
interesting
play

This is where
you could play
hospital
(I liked using the
crutches)

These were
where you
could make
cool designs

That is seven
Thousand Shredded
up dollars
